

Invitation

Conducting cross-border business

A large number of South African companies are making investments into Namibia and Botswana, and expectations are that this will only grow in the near future.

We invite you to join us for a presentation that will cover issues like investment opportunities, taxation, regulatory requirements for setting up, and interacting with authorities in Botswana/Namibia. Additionally, we'll highlight the South African tax and exchange control implications to be aware of when investing overseas, and more.

Cape Town
