

Metier is recruiting for its analyst programme which is designed as a one-to-two year opportunity where candidates with outstanding potential, but limited to no experience in investing or private equity, are mentored and developed. The programme is part of our succession planning, transformation and skills development strategy. The programme provides candidates with exposure to the full private equity life cycle from deal origination and negotiation through evaluation, structuring, execution and monitoring to the exit process. We are looking for two candidates, one to fill an analyst vacancy in the Capital Growth Fund which invests in later stage transactions and the other opportunity is for an analyst in the Metier Sustainable Capital Fund where candidates will have exposure to clean and renewable energy infrastructure investments and an interest or experience in this field will be favourably considered. Closing date for applications is 30 September 2016.

Applications should be sent to recruitment@metier.co.za and should include:

- 1 page covering letter
- 2-3 page curriculum vitae
- Full university academic transcript for all years of study
